

Appendix D

Visiting Scientists (*graduate students) at

Name	Affiliation	Research
1995		
Barg, Jennifer	Allegheny College	Demography of Florida scrub-jays.
Campbell, Mark	Florida Game Commission	Short-tailed hawk survey.
Cover, Stefan	Harvard Univ.	Behavioral ecology of ants.
Davis, Lloyd	Univ. Florida	Ant survey.
Greenlaw, Jon	Long Island Univ.	Library and collection research on towhees.
Herndon, Alan*	Florida International Univ.	Population biology of <i>Liatris ohlingerae</i> .
Hodge, Margaret	The College of Wooster	Territoriality in spiders.
Hokit, Grant	Univ. Florida	Census scrub lizards.
Holldobler, Bert	Univ. Wurzburg, Germany	Behavioral ecology of ants.
Marshall, Sam	Miami Univ.	Biogeography of Florida wolf spiders.
Martin, William	W. Va. Dept. Natural Resources	Ecology/distribution of diamondback rattlesnakes.
Melika, George	Uzhgorod Univ., Ukraine	Taxonomy/ecology of Cynipid oak gall maker wasps.
Mitchell, Scott*	Janus Research	Survey of regional archaeological sites.
Ostertag, Rebecca*	Univ. Florida	Demography of two clonal blueberry species.
Packer, Wayne	Museum of W. Australia	Manuscript work on 1) acorn use of small rodents, 2) ref-
uge selection by opossums, and	3) dynamics of small mammal	populations.
Pratt, Stephen*	Cornell Univ.	Regulation of comb construction by honey bees.
Sharer, Arch	Wesleyan College	Gopher tortoise natural history.
Steele, Michael	Wilkes Univ.	1) Measure oak seedling distribution, 2) behavioral obser-
vation of Florida scrub-jays	feeding/caching.	
Swancar, Amy	US Geological Survey	Central Highlands lake study.
Youngberg, Jennifer*	Univ. Georgia	Distribution/habitat of tropical soda apple.
1996		
Attygalle, Athula	Cornell Univ.	Chemical analyses of plant-animal interactions.
Berry, Dawn*	Univ. Washington	Complete studies on responses of oaks to fire.
Name	Affiliation	Research

Carrel, James	Univ. Missouri	Continued studies on 1) ecology of scrub spiders, 2) sex pheromones in spiders, and 3) defenses of insects.
Carrington, Mary	Univ. Florida, Southwest Florida Research Center	Saw palmetto fruit yield.
Conner, William of local arctiid moths.	Wake Forest Univ.	1) Write book on Arctiidae, and 2) ecology and behavior
Garland, Mark	Fla. Dept. Environ. Protection	Photograph Lake Wales Ridge endemic plants.
Hawkes, Christine*	Univ. Pennsylvania	Plant demography in rosemary scrub.
Horth, Lisa*	Florida State Univ.	Frequency of melanism in <i>Gambusia holbrooki</i> populations.
Jenser, Gabor	Plant Protection Inst., Budapest	Collecting Thysanoptera.
LaClair, Linda	US Fish & Wildlife Service	Indigo snake ecology.
Martin, Lori*	Univ. Tennessee	Hybridization in <i>Piriqueta</i> .
Maxwell, Judith	Univ. Wisconsin	Effects of fire on lupine.
Midford, Peter*	Univ. Wisconsin	Social learning in Florida scrub-jays.
Miller, Anthony	Independent artist	Photograph scrub plants.
Morse, Roger	Cornell Univ.	Behavior of swarming bees.
Mumme, Ronald	Allegheny College	Demography of Florida scrub-jays in experimental tract.
Norden, Beth	Smithsonian Institute	Behavioral observations on/collection of wasps/bees.
Opell, Brent	Virginia Tech. Univ.	Collect/measure web of the spider <i>Filistata hibernalis</i> .
Peer, Brian*	Univ. Manitoba	Boat-tailed grackle egg-recognition studies.
Poulin, Ray*	Univ. Regina	Nest-site selection of common nighthawks.
Schilder, Klaus*	Univ. Wuerzburg, Germany	Ecology/biology of the ant <i>Platythyrea punctata</i> .
Skillman, Fred	Univ. Florida	Studies on a new scarab beetle found at Archbold.
Smedley, Scott	Cornell Univ.	Continue ant studies.
Vencl, Fredrick	State Univ. of NY at Stony Brook	Chemical ecology of leaf beetles.
Watts, W.A.	Trinity College	Collect seeds for fossil pollen study.
West, Richard	Florida State Univ.	Purple gallinule study.
Willard, David	Field Museum of Natural History	Prepare bird-study skins.
Wolf, Jason*	Univ. Kentucky	Habitat use by <i>Utetheisa</i> moths.
